The screenshot shows the VitaGistDev application interface. On the left is a vertical sidebar with icons for Home, List, Key Contacts, Entity Name, Action, and others. The main area has tabs for 'Key Contacts' and 'Others'. A search bar at the top says 'Search Family & Friends' with the input 'soundarya'. A modal window titled 'Relation Request' asks 'Are you sure to send Relationship request with the selected Entity ?' with 'Please accept the request!' below it. It has 'CANCEL' and 'SEND' buttons. In the background, there's a table with columns 'Entity Name' and 'Action'. The 'Entity Name' column lists 'soundz', 'digi', and 'happy'. The 'Action' column has three dropdown menus.

This screenshot shows the same application interface as the first one. The 'Add Entity' dialog is open, prompting for 'Entity Name *' (canYam), 'Entity Address *' (#21 can street), 'Relationship/Account Id.' (123345678900), 'Entity Identification Number.' (222), and 'Others' (Ok). A 'Save' button is at the bottom right of the dialog. The background shows the same sidebar, search bar, and table as the first screenshot.

The screenshot shows a web browser window for 'VitaGistDev' on 'localhost:4200/connections'. The interface includes a vertical sidebar with icons for home, list, person, heart, gear, alarm, clock, and refresh. At the top, there are tabs for 'Key Contacts', 'Family & Friends', 'Legal & Finance', and 'Others'. Below the tabs are buttons for 'Add Connection' and 'View Connection', and a search bar with placeholder text 'Search..'. A magnifying glass icon is also present. The main content area displays a table with columns for 'Entity Name', 'Entity Address', and 'Action'. The data rows are:

Entity Name	Entity Address	Action
soundz	soundz home	Action ▾
digi	digi home	Action ▾
happy	happy home	Action ▾
God	God home	Action ▾
soundarya	sound homes of	Action ▾
sss	#s home 120	Edit Delete
canYam	#21 can street	Action ▾

The screenshot shows the same 'VitaGistDev' application interface. The vertical sidebar and top navigation are identical. The main content area now displays a table with columns for 'Name ↑', 'Status ↑', and 'Action'. The data rows are:

Name ↑	Status ↑	Action
whee Jung	Accepted	Action ▾
Hwasa Ahn	Accepted	Action ▾
Soundarya Vembaiyan	Accepted	Action ▾

The screenshot shows a web-based health dashboard titled "Health". On the left, a vertical sidebar contains icons for Home, Health info, Devices, Care plan, Pulse, Weight, Blood Pressure, Temperature, and Blood Glucose. The main area displays a summary of health data:

- BMI:** 23.0 (Healthy Range: 18.5 to 24.9)
- Weight:** 23 kg
- Height:** 100 cm
- Pulse:** 50 SpO2% (Timestamp: 12-27-2022 10:34 AM)
- Blood Pressure:**
 - Systolic: 21 mm Hg (Healthy Range: 130 to 250)
 - Diastolic: 22 mm Hg (Healthy Range: 80 to 250)

A teal "Add" button is located in the bottom right corner.

The screenshot shows the same health dashboard as above, but with a detailed view of a pulse reading overlaid. The pulse reading form includes fields for "Enter Pulse" (121), "Choose a date" (1/18/2023), "HH" (11), "MM" (42), "AM/PM" (AM), and a "Save" button. The main summary data remains the same as in the first screenshot.

The screenshot shows a web-based health dashboard titled "Health". On the left, there's a vertical sidebar with various icons. In the center, a modal window titled "Blood Glucose . mg/dl" is open, prompting the user to enter a value (89) and select a time period (Fasting). To the right of the modal, a summary of blood glucose levels is displayed, showing a reading of 89 mg/dl from 1/18/2023 at 11:43 AM. Below this, a summary of blood pressure is shown: Systolic 98 mm Hg (Healthy Range: 130 to 250), Diastolic 77 mm Hg (Healthy Range: 80 to 250), and Heart Rate 78 bpm (Healthy Range: 100 to 250). The dashboard also features several icons for other health metrics like pulse, weight, blood pressure, temperature, and blood glucose.

The screenshot shows the "My Health Profile" page. It includes fields for gender (Female), ethnicity (American Indian), height (100), weight (23), date of birth (12-04-1999), and blood group (O +ve). Below these, there are sections for "Medical Condition" (with a plus icon to add more), "Acne" (with a right arrow icon), "Allergy" (with a plus icon), and "All" (with a right arrow icon). At the bottom right, there's a "GoBack" button with a double-left arrow icon.

The screenshot shows a list of medical conditions on a web browser. On the left is a vertical sidebar with icons for home, profile, history, heart, notifications, clock, and refresh. The main content area has a header "Medical Condition". Below it is a list of items:

- Acne
- Allergy
- All
- Medications
- Medic
- Family Medical History
- Fast Facts
- Insurance
- Insur
- Immunization

Each item has a right-pointing arrow and a plus sign icon. At the bottom right are "Cancel" and "Save" buttons, and a "GoBack" button.

This screenshot shows a detailed view of a medical condition entry. The sidebar and header are identical to the previous screen. A modal dialog box is open in the center, titled "Medical Condition". It contains the following fields:

- Date Of Birth *: 12-04-1999 (with a calendar icon)
- Blood Group *: O +ve
- Medical Condition: A dropdown menu showing "Breast Abscess".
- Year of Diagnosis *: 1/21/2023 (with a calendar icon)
- Comment: A text input field containing "Abscess".

A red "X" icon is in the top right corner of the modal. At the bottom right of the modal is a green "Save" button.

This screenshot shows the 'healthdashboard' section of the VitaGistDev application. On the left is a vertical sidebar with icons for Home, Profile, Medical History, Health, Devices, Notifications, and Logout.

The main content area contains the following fields:

- Weight ***: 23
- Date Of Birth ***: 12-04-1999
- Blood Group ***: O +ve
- Medical Condition** (with a plus icon):
 - Acne
 - Breast Abscess
- Allergy** (with a plus icon):
 - All
- Medications** (with a plus icon):
 - Medic
- Family Medical History** (with a plus icon)

A 'GoBack' button is located at the bottom right of the form area.

This screenshot shows the 'devices' section of the VitaGistDev application. On the left is a vertical sidebar with icons for Home, Profile, Medical History, Health, Devices, Notifications, and Logout.

Devices

Manual Devices

- Blood Pressure** (with a trash icon)
- Weight** (with a trash icon)
- Blood Glucose** (with a trash icon)

BlueTooth Devices

A 'GoBack' button is located at the bottom right of the devices section.

The screenshot shows a web browser window with the address bar displaying "localhost:4200/devices". The main content area has a sidebar on the left with various icons. The main title is "Devices". Below it, there are two sections: "Manual Devices" and "BlueTooth Devices". A modal window titled "Manual Devices" is open, listing five items with checkboxes: "Blood Glucose", "Blood Oxygen", "Blood Pressure", "Weight", and "Temperature". The "Temperature" checkbox is checked. A green "Save" button is at the bottom of the modal. In the "BlueTooth Devices" section, there are four items listed without checkboxes: "Blood Pressure", "Weight", "Temperature", and "Blood Glucose". A "GoBack" button is located at the bottom right.

This screenshot shows the same web application after the manual devices have been saved. The "Manual Devices" modal is no longer visible. The "BlueTooth Devices" section now includes the previously added items: "Blood Pressure", "Weight", "Temperature", and "Blood Glucose", each with a small trash can icon to its right. The rest of the interface remains the same, including the sidebar and the "GoBack" button.

The screenshot shows a web browser window for 'VitaGistDev' on 'localhost:4200/careplan'. The title bar includes standard OS X icons for window control, a search field, and system status. A vertical sidebar on the left contains ten icons: a checkmark, a house, a clipboard, a person, a heart, a gear, a bell, a clock, a user, and a square.

GoBack

The screenshot shows a web browser window for 'VitaGistDev' on 'localhost:4200/viewcareplan/3102'. The main content area is titled 'Diet'. It displays a table with six rows of nutritional information:

Calorie	2400.00	cals
Carbs	330.00	gm
Fat	90.00	gm
Protein	84.00	gm
Sodium	2300.00	mg
Sugars	36.00	gm

Below the Diet section is a section titled 'Exercise' with a plus sign icon. It contains a table with one row:

Title	Steps	Actions
Walking	10000.00 steps	

The final section is titled 'Medications'.

The screenshot shows the same web browser window for 'VitaGistDev' on 'localhost:4200/viewcareplan/3102'. The 'Diet' section is visible at the top. A modal window titled 'Add Exercise' is open in the center. The form fields are as follows:

- Title *: Running
- Distance *: 122
- Distance Unit *: Km
- Weight *: 80
- Number of Steps *: 120
- Repetitions *: Twice / Couple of Times

A green 'Save' button is located at the bottom right of the modal. The background shows the 'Exercise' and 'Medications' sections from the previous screenshot.

The screenshot shows a web browser window for 'VitaGistDev' at 'localhost:4200/notifications'. The title bar and system status icons are identical to the previous screenshot. The address bar shows the URL 'localhost:4200/notifications'. The main content area has a light gray background. On the left, there is a vertical sidebar with the same ten icons as the previous screenshot. The main content area features a section titled 'Notifications' with a search bar labeled 'Search..'. Below the search bar is a table with three columns: 'Message' (containing a list of notifications), 'Delete' (containing a column of red trash can icons), and a third column which is partially visible. The 'Message' column contains the following notifications:

Message	Delete
Your L2 is about to expire	<input type="button" value="x"/>
Your L2 is about to expire	<input type="button" value="x"/>
Your O2 is about to expire	<input type="button" value="x"/>
Your O2 is about to expire	<input type="button" value="x"/>
Your O2 is about to expire	<input type="button" value="x"/>

Blessfully	<input type="button" value="x"/>
UdayEntityTestAccountDev1, a professional firm, is requesting you to confirm and accept the relationship.	<input type="button" value="x"/>

The screenshot shows a web application titled "Reminders" running in a Chrome browser. The interface includes a sidebar with various icons (home, list, user, heart, gear, clock, alarm, refresh) and a search bar. The main content area displays a table with columns: Message, Target Date, and Action. The table contains five rows of reminder data:

Message	Target Date	Action
Morning hello	Oct 28, 2022	
Hello everyone	Oct 31, 2022	
Blessfully	Nov 09, 2022	
Hello world	Nov 18, 2022	
Bac to Id	Dec 17, 2022	

A green "Add +" button is located in the bottom right corner.

The screenshot shows the same web application with an "Add Reminders" modal open in the center. The modal has fields for "Message" (containing "zzzzzz") and "Target Date" (set to "1/31/2023"). It includes a red close button and a green "Save" button at the bottom. The background list of reminders is visible but dimmed.
